

Michael Abbott

michael.abbott@outlook.com | +1-801-766-6870x0217 | New Samanthabury, Germany
<https://linkedin.com/in/michael-abbott>

SUMMARY

Executive-level technology leader with extensive background in data science / ml / ai. Expertise in R, Python, SQL with track record of transforming organizations through technology.

WORK EXPERIENCE

AI Engineer

2022-08 — Present

ScaleGrid (full-time)

Created feature engineering pipeline using Lambda Labs, reducing preprocessing time by 43%
Built ML model serving infrastructure using Hugging Face Endpoints, handling 500+ predictions/day
Designed data warehousing solution using Pandas, enabling analytics on 500+ records

Research Scientist

2020-05 — 2022-07

Supabase (full-time)

Developed computer vision models using MongoDB, achieving 62% accuracy
Implemented NLP solution using TensorFlow, processing 5000+ text documents daily
Created feature engineering pipeline using SQL, reducing preprocessing time by 20%
Implemented A/B testing framework using SQL, running 100000+ experiments

ML Engineer

2017-07 — 2020-02

InfraCore (full-time)

Implemented A/B testing framework using Neptune, running 5000+ experiments
Implemented A/B testing framework using Julia, running 50000+ experiments

Research Scientist

2014-08 — 2017-04

AgentForge (internship)

Implemented A/B testing framework using Feature Engineering, running 100000+ experiments
Built end-to-end ML pipeline using Prompt Engineering, processing 500+ samples daily
Developed data visualization tools using Pandas, used by 5000+ analysts
Implemented A/B testing framework using Pandas, running 100+ experiments

Research Scientist

2012-01 — 2014-08

VectorDB Inc (internship)

Created feature engineering pipeline using BigQuery, reducing preprocessing time by 55%
Designed data warehousing solution using Dask, enabling analytics on 10000+ records
Designed data warehousing solution using BigQuery, enabling analytics on 10000+ records
Built ML model serving infrastructure using Dask, handling 10000+ predictions/day

EDUCATION

B.Sc. in Mathematics

2012

IIT Bombay

B.Tech. in Computer Science

2010

UC Berkeley

SKILLS

R, Python, SQL, Keras, Claude API, XGBoost, MLflow, Neptune, MongoDB, PostgreSQL, ChromaDB, Pinecone, Bedrock, Lambda Labs, Vector Databases, Computer Vision, A/B Testing

ADDITIONAL

Spoken_language: Portuguese (Professional)

Reference: References available upon request

Volunteering: Volunteer coding instructor at Valenzuela Ltd Youth Program, 2023-Present
