SUMMARY

Lead devops / sre / mlops professional with 10 years driving technical strategy and team excellence. Expert in PowerShell, Go, Rust with track record of building and scaling engineering teams.

WORK EXPERIENCE

DevOps Engineer

2022-02 — Present

Airbnb (internship)

Designed and implemented infrastructure as code using Prometheus, managing 100+ servers

Established GitOps workflows using GitOps, improving deployment frequency by 17%

Established GitOps workflows using Prometheus, improving deployment frequency by 28%

MLOps Engineer

2017-08 — 2021-08

Palantir (full-time)

Implemented security scanning using CircleCI, identifying 100000+ vulnerabilities

Implemented container orchestration using CircleCI, managing 50000+ containers

Implemented container orchestration using Kubernetes, managing 10000+ containers

Designed and implemented infrastructure as code using Kubernetes, managing 10000+ servers

DevOps Engineer

2015-12 — 2017-07

ParseLab (full-time)

Implemented container orchestration using Python, managing 500+ containers

Created self-service provisioning portal using Podman, serving 10000+ engineers

Implemented security scanning using Python, identifying 5000+ vulnerabilities

Implemented container orchestration using Podman, managing 5000+ containers

EDUCATION

Ph.D. in Electrical Engineering

2014

University of Washington — GPA: 3.61

Ph.D. in Software Engineering

2014

NUS

SKILLS

PowerShell, Go, Rust, ArgoCD, Terraform, Ansible, Pulumi, CDK, Istio, Skopeo, K3s, Envoy, Buildah, GitLab CI, Azure DevOps, Tekton, Prometheus, PagerDuty, Azure, DigitalOcean, Oracle Cloud, Kale, Seldon, TorchServe, TensorFlow Serving, GitOps, Incident Management, MLOps, SRE Practices, Platform Engineering

CERTIFICATIONS

Azure Administrator Associate — Microsoft (2025)

ADDITIONAL

Personal_statement: Passionate about developer tools and building technology that makes a difference.

Volunteering: Volunteer coding instructor at Owen, Walker and Franklin Youth Program, 2024-Present

Volunteering: Volunteer coding instructor at Marquez-Fletcher Youth Program, 2024-Present
